

## **Licence for WWT/JNCC/NatureScot Goose & Swan Monitoring Programme data**

### **For pre 2017 data**

#### **1. Using information under this licence**

Before proceeding, please read the terms of this licence carefully. Use of copyright and database right material expressly made available under this licence (the 'Information') indicates your acceptance of the terms and conditions below.

The Licensor grants the Licensee a non-exclusive, non-transferable, royalty free licence to use the information for any purpose, providing you abide by the conditions set out below. Your licence does not permit you to sub-license for any purpose.

Failure by you to abide by the conditions of this licence may jeopardise the release of data in future requests.

#### **2. Permitted use**

- You may use the Information provided for any purpose, subject to the conditions set out in this licence agreement.
- You may disseminate publications, reports and products you produce that are based upon the Information to Third Parties, including to Third Party internet sites and in presentations, so long as you do not publish the original data supplied to you under this license.

#### **3. Restrictions**

- You may not give, rent, lease, sell, sub-licence or otherwise distribute the Information to a Third Party.
- You must not disclose any of the raw data provided to you to any Third Party other than those directly involved in your use of the information (e.g. a supervisor supporting a student in using the information), and under the explicit understanding that any such party will be bound by the conditions of this licence.
- You may not use or attempt to use any of the information provided to deliberately damage the natural environment or make the information available to other(s) to do this.

#### **4. Undertakings**

- You undertake to store the information securely to minimise the risk of unauthorised access and ensure that the Information is accessed and used only in accordance with the terms of this licence.
- The GSMP must be acknowledged in all uses of GSMP data (in publications, reports, papers etc). Unless alternative wording is provided with the Information, the following attribution statement should be used: Contains Goose and Swan Monitoring Programme (GSMP) data © copyright and database right Wildfowl & Wetlands Trust, Joint Nature Conservation Committee, and NatureScot.
- GSMP must be acknowledged in any presentations where content is derived from GSMP data.
- GSMP partners encourage you to supply them with a copy of any report or publication where GSMP data are used. This will help GSMP partners track use of the data for conservation and research, and to demonstrate the value of the programme and justify the ongoing substantial investment made by the partners.
- GSMP partners encourage you to inform GSMP of any new uses the data are put to that were not disclosed in the original data request. Again, this information will help the partners

better understand how data are used and to justify ongoing investment in the scheme, as well as enabling partners to offer advice and collaboration where appropriate.

## **5. Non-endorsement**

This licence does not grant you any right to use the Information in a way that suggests any official status or that the Licensor, or individual partners within the GSMP partnership, endorse you or your use of the Information.

## **6. No warranty**

The Information is licensed 'as is' and the Licensor excludes all representations, warranties, obligations and liabilities in relation to the Information to the maximum extent permitted by law. Whilst every effort is made to ensure Information supplied is correct, the Licensor are not liable for any errors or omissions in the Information and shall not be liable for any loss, injury or damage of any kind caused by its use. The Licensor cannot be held responsible for any misuse or misinterpretation of the Information. The Licensor does not guarantee the continued supply of the Information.

## **7. Ownership of Information**

This licence does not convey any ownership rights to the Licensee. GSMP surveyors retain the ownership of the records they submit to the GSMP. The GSMP Partners (WWT, JNCC and NatureScot) retain copyright and database rights in datasets compiled from those records.

## **8. Governing Law**

This licence shall be governed by and construed in accordance with English law and the parties submit to the exclusive jurisdiction of the English courts.

## **9. Definitions:**

In this licence, the terms below have the following meanings irrespective of capitalisation of the words:

'Information' means raw data and/or data products protected by copyright or by database right offered for use under the terms of this licence.

'Licensor' means the GSMP partnership, comprising the Wildfowl & Wetlands Trust (WWT), the Joint Nature Conservation Committee (JNCC), and NatureScot.

'Use' means doing any act which is restricted by copyright or database right, whether in the original medium or in any other medium, and includes without limitation distributing, copying, adapting, modifying as may be technically necessary to use it in a different mode or format.

'You', 'your' or 'Licensee' means the natural or legal person, or body of persons, corporate or incorporate, acquiring rights in the Information (whether the Information is obtained directly from the Licensor or otherwise) under this licence.
